 ABOUT US

CTC, with over 30 years of experience, represents the highest quality standards and excellent service in the field of building communication.

We develop and manufacture high-quality doorstations and video intercom systems, security systems and signage.

Our particular strength lies in manufacturing customized solutions that are constantly adapted to new market conditions and the needs of our customers.

CTC is certified according to DIN EN ISO 9001:2015, which is the most widely recognized and significant quality management standard nationally and internationally.

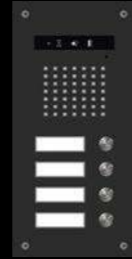

All our products bear the CE mark and comply with EU-wide requirements for safety, health, and environmental protection.

We are a team of professionals who love what they do.

Quality with expertise, vision, and character.

PRESTIGE VENUS AUDIO

A 2-wire audio door intercom system that combines classic and timeless design with state-of-the-art technology.

The luxurious and durable materials used in the Prestige brass door intercom systems add a unique touch to building entrances.

- Compact design for reliable and long-term use
- Optional: Buttons with specially shaped name engravings or illuminated frames
- Durable construction made of brass or v in a wide range of RAL colours
- Shallow installation housing for easy installation
- Versatile options such as access control systems, street and number engravings, and lighting
- Covers up to 4 entrances

Wiring system: 2-wire system

Colours: Stainless steel or gold stainless steel

Aluminium colours: White, Silver, Anthracite, Champagne, Cypress Green

Dimensions:

- Standard sizes as in the dimension catalog
- Available in any desired size (additional cost)
- Integrable in custom-made solutions

PRESTIGE VENUS VIDEO

Timeless design meets advanced technology.

The luxurious and durable materials of the Prestige brass door intercom system add an artistic touch to building entrances.

- Compact design for reliable and long-term use

Aluminium colours: White, Silver, Anthracite, Champagne, Cypress Green

Dimensions:

- Standard sizes as in the dimension catalog
- Available in any desired size (additional cost)
- Integrable in custom-made solutions

ACCESS CONTROL

The protection of a building is becoming increasingly important in today's world. By implementing an efficient, modern, and technical control system that authorizes entry to your premises, you can optimize your security. Depending on your choice, you can equip your access control with a keycard, code lock, face control, or fingerprint system.

VENUS AUDIO

Venus Audio is an intercom system that offers an elegant design, modern technology, and easy operation as an alternative solution to conventional analog interior systems. With its many advantages and simple 2-wire installation, Venus Audio allows for easy and quick exterior wall mounting without any additional effort.

- Intercom system with hands-free functionality
- Safety glass screen
- Touch function
- Menu
- Intercommunication between devices in the same call
- Up to 4 parallel devices on each call

Wiring system: 2 wires
Colour: White, Black
Dimensions: 120x180x30mm (W/H/D)

IRIS

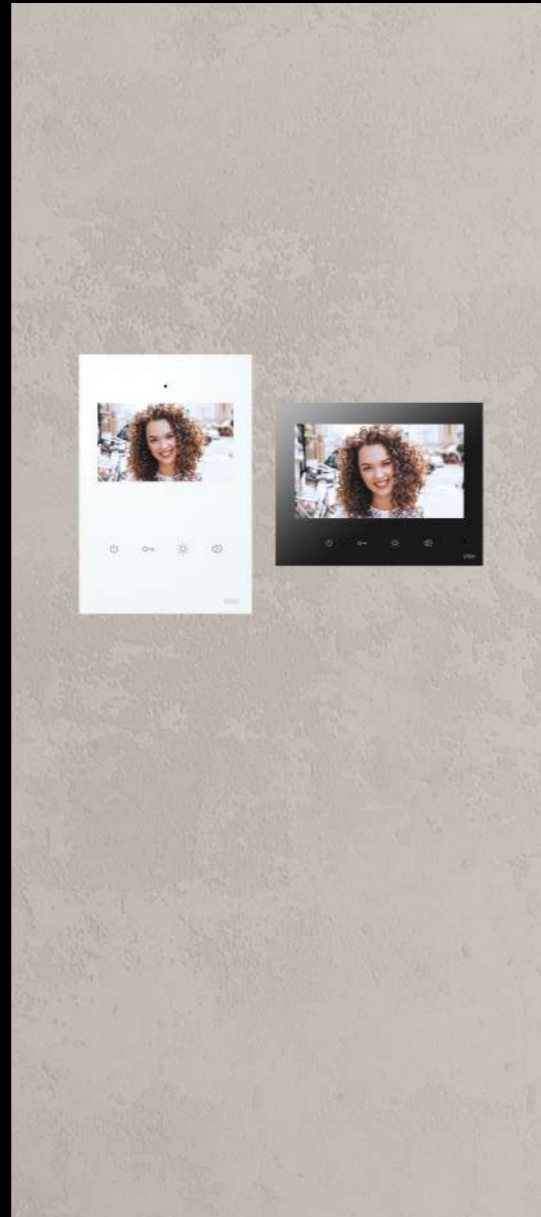

Reliable intercom systems with door opening function and reserve button for additional features. The range of Iris intercom systems provides complete solutions for all requirements in modern buildings. Our technological excellence based on international standards and years of experience from our employees enable us to guarantee the highest level of quality.

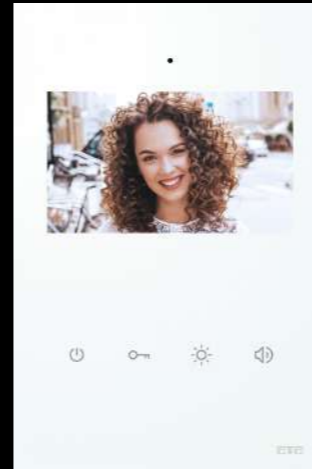

- Telephone-like
- Wall and table mounting
- Functions as a floor bell
- Parallel connection of up to 4 internal elements
- Also available as a replacement in the Universal 4+N series
- Combined with the Prestige door intercom system

Wiring system: 2 wires, 1+N, 4+N
Colour: White
Dimensions: 90x220x55mm (W/H/D)

VIDEO INTERCOM SYSTEMS

ORION VISION 4,3"

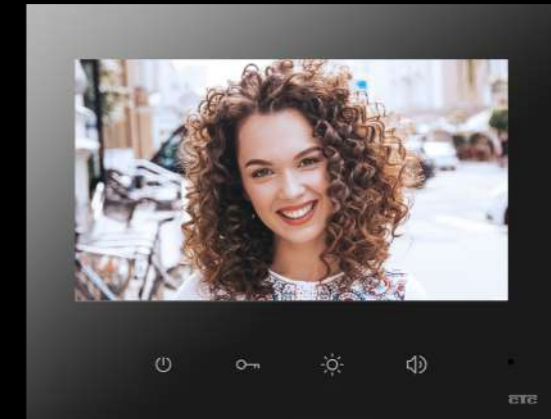

Visual entrance control is now an essential and user-friendly security feature that should not be missing in any modern building. With its dynamic design, impressive quality, and colour touchscreen, the Orion 4.3" 2-wire hands-free monitor is a reliable communication tool for your entrance area.

- 4.3" TFT colour screen
- Touch function
- High screen resolution of 480 × 480 pixels
- Intercommunication between devices in the same call
- Wall mounting
- Selection of ringtone volume or mute
- Functions as a floor bell
- Up to 4 parallel devices in each call

Wiring system: 2 wires
Colour: White, Black
Dimensions: 120x180x20mm (W/H/D)

ORION VISION 7"

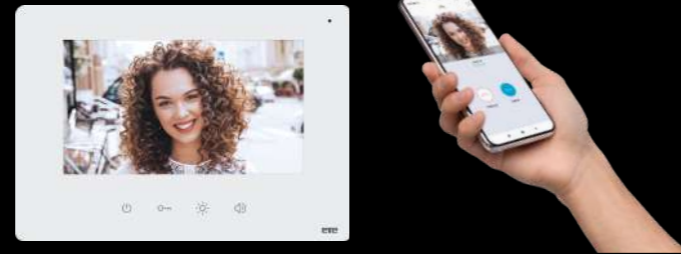

With its aesthetic design and minimalist, clean lines, the Orion Vision 7" adds elegance and sophistication to any space. High-quality materials are combined with numerous functions and advantages to create a sense of comfort and security.

- 7" TFT colour screen
- Touch function
- High-resolution screen of 800 × 480 pixels
- Intercommunication between devices in the same call
- Wall mounting
- Selection of ringtone volume or mute
- Functions as a floor bell
- Up to 4 parallel devices in each call

Wiring system: 2 wires
Colour: White, Black
Dimensions: 188x148x20mm (W/H/D)

VIDEO INTERCOM SYSTEMS

ORION VISION 7"

Technological efficiency for your entrance area. The new Orion 7" WiFi Monitor combines the features of the Orion 7" with additional remote control options through an associated app. It is the ideal choice for those who want to monitor their home's entrance area from anywhere.

- WiFi connection
- 7" TFT colour screen
- Touch function
- High-resolution screen of 800 x 480 pixels
- Intercommunication between devices in the same call
- Wall mounting
- Adjustable volume of the call or mute mode
- Functions as a floor bell
- Up to 4 parallel devices in each call

Wiring system: 2 wires
 Colour: White, Black
 Dimensions: 215x152x22mm (W/H/D)

KIT DOOR VISION (Non Extendable)

An innovative 2-wire system for buildings of any kind that guarantees a high level of quality of life and security.

- 7" TFT colour screen
- WiFi connection
- Touch buttons
- High-resolution screen of 800x480 pixels
- Wall mounting
- Adjustable volume of the call or mute mode
- Functions as a floor bell
- Up to 4 parallel devices in each call
- p2p cloud support for remote connection

Wiring system: 4 wires
 Monitor colour: White
 Doorstation colour: Silver
 Doorstation dimensions: 112x199x40mm (W/H/D)
 Monitor dimensions: 215x152x22mm (W/H/D)

COSTUMIZED DESIGNS

Customized designs combined with luxurious door intercom systems and a mailbox system offer an efficient all-around solution for all requirements of modern buildings.

Designed to save space and with a range of aesthetic designs, they enhance the appearance and technology of any building.

- Floor mounting
- Wall mounting
- Recessed in the door profile
- Durable materials: high-strength brass or Aluminium in a wide range of RAL colours
- Special lighting installations
- Multiple engraving and punching options such as street name and house number

Wiring system: all variants possible

Colour design: numerous colours to choose from

Dimensions: any desired size

MAILBOXES

With luxurious designs and high-quality materials, CTC creates the perfect centerpiece for any entrance area. From individual mailboxes to customized communication centers, CTC offers the right solution.

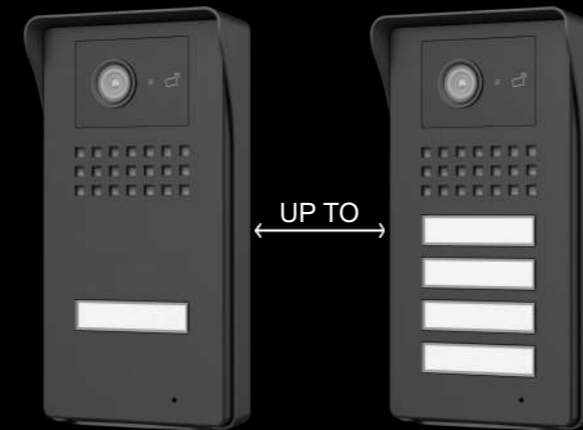

ORION VISION 4,3" DOOR VISION KIT

Monitor colours: White, Black
Monitor dimensions: 215x152x22mm (W/H/D)

"An integral part of any modern building, which emphasizes corporate design and contributes to guest satisfaction."

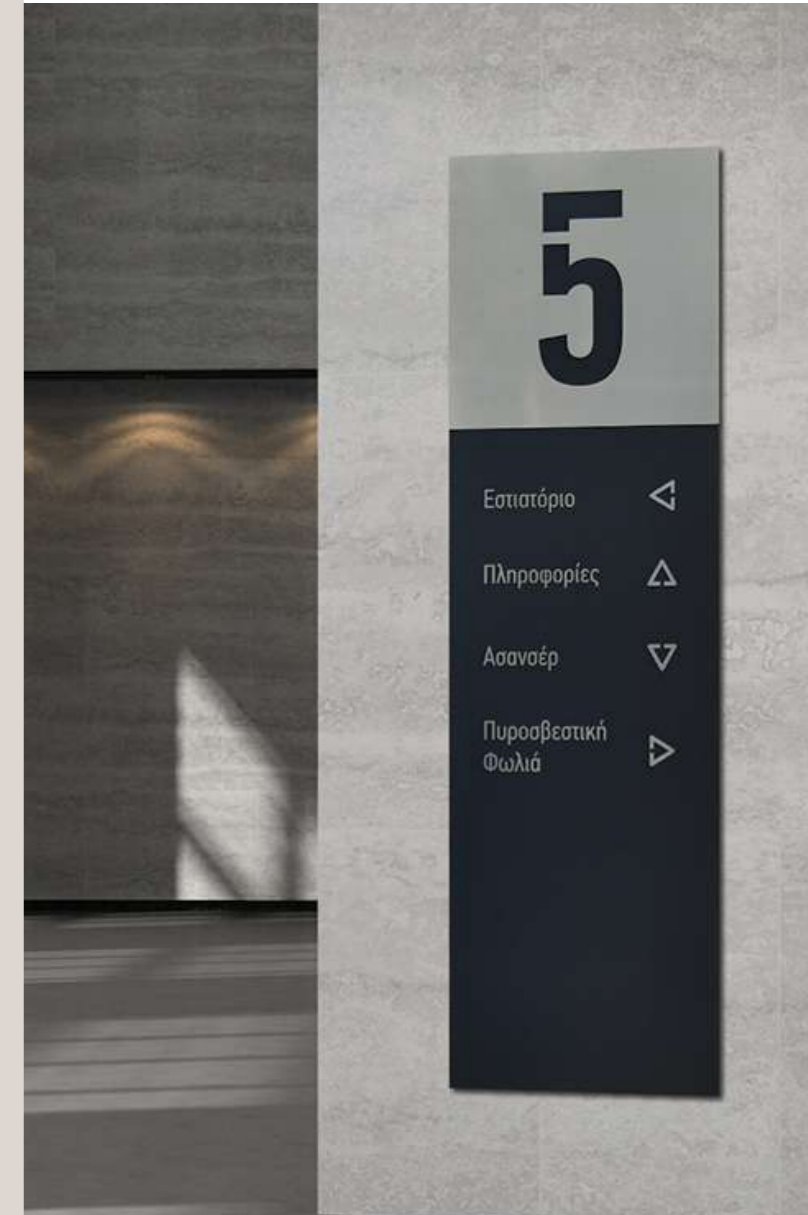

DESIGN

Good signage helps with direct orientation, smoother operation, and efficient organization. It is crucial for the perception of a place. Aesthetics, maximum functionality, and quality are the focus of CTC in planning, design, and construction. The signage design service offered by our company provides outstanding results that will impress your visitors.

Our designers create a realistic image of the chosen signage during the development process. Then our factory begins manufacturing your luxurious and distinctive signage using the most advanced cutting and processing machines (CNC laser, router, electrostatic painting, etc.).

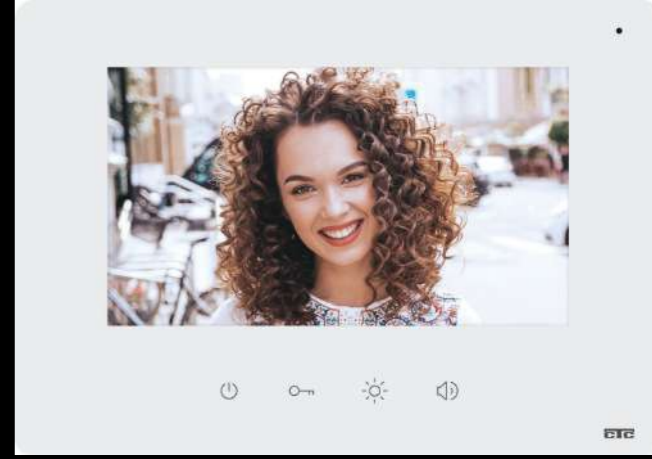

Categories of signage:

- Hotels
- Shops/Offices
- Buildings of any kind

Intercom devices Armonia WF 200

Code: 056253 White

Price: 38,00€

- Hands-free device
- Up to 4 parallel devices in the same apartment
- Dimensions 90x157x30mm (W/H/D)

Intercom devices Iris HT 200

Code: 056243 White

Price: 49,00€

- Intercom device with a headset
- Volume adjustment
- Up to 4 parallel devices in the same apartment
- Intercommunication among devices on the same apartment
- Can also function as a bell floor
- Dimensions: 90x220x55mm (W/H/D)

Intercom devices Venus Audio WF 204

Code: 057243 White/ 057240 Black

Price: 99,00€

- Hands-free intercom device
- Safety glass material
- Touch buttons
- Menu
- Intercommunication between the devices
- Up to 4 parallel devices in each call
- Dimensions: 120x180x30mm (W/H/D)

Monitor Orion Vision 4,3" VHS 304

Code: 352243 White / 352240 Black

Price: 169,00€

- Colour TFT monitor 4,3"
- Touch buttons
- High resolution screen 480x480 pixels
- Intercommunication between devices in the same call
- Selection of ringtone volume or mute option
- Functions as a floor bell
- Up to 4 parallel devices in each call
- Dimensions: 136x143x22mm (W/H/D)

Monitor Orion Vision 7" VHS 307

Code: 352273 White / 352270 Black

Price: 209,00€

- Colour TFT monitor 7"
- Touch buttons
- High resolution screen 800x480 pixels
- Intercommunication between devices in the same call
- Selection of ringtone volume or mute option
- Functions as a floor bell
- Up to 4 parallel devices in each call
- Dimensions: 215x152x22mm (W/H/D)

Monitor Orion Vision 7" WiFi VHS 907

Code: 359273 White / 359270 Black

Price: 256,00€

- WiFi connection
- Colour TFT monitor 7"
- Touch buttons
- High resolution screen 800x480 pixels
- Intercommunication between devices in the same call
- Selection of ringtone volume or mute option
- Functions as a floor bell
- Up to 4 parallel devices in each call
- Dimensions: 215x152x22mm (W/H/D)

**Monitor Venus Vision 4,3" VHS 204**

Code: 354243 White / 354240 Black

Price: 242,00€

- Colour TFT monitor 4,3"
- Touch buttons
- English Menu
- High resolution screen 480x480 pixels
- Intercommunication between devices in the same call
- Accepts SD card for photos and video recording
- Selection of different ringtone melodies for each door intercom
- Selection of ringtone volume or mute option
- Functions as a floor bell
- Up to 4 parallel devices in each call
- Dimensions: 158x198x33mm (W/H/D)

Monitor Zeus Vision 7" VHS 207

Code: 354273 White / 354270 Black

Price: 284,00€

- Colour TFT monitor 7"
- Touch buttons
- Safety glass screen
- English Menu
- High resolution display 800x480 pixels
- Intercommunication between devices
- Accepts SD card for photos and video recording
- Selection of different ringtone melodies for each door intercom
- Selection of ringtone volume or mute option
- Functions as a floor bell with its own ringtone
- Up to 4 parallel devices in each call
- Dimensions: 184x186x23mm (W/H/D)
